Cut the cord with ORBOT LiFE

The ORBOT LiFE is the most versatile lithium-ion battery powered, dual action orbital floor machine. It has been designed with the safest and latest innovation in lithium-ion battery technology, which means, you can freely and quickly deep clean your floor throughout the facility at any time of the day with no boundaries or concern for power outlets and trip hazards.

The ORBOT LiFE is powered by (1) I-Power 20 battery or full powered (2) I-Power 20 batteries, the battery life time with 1 battery is between 60 to 90 minutes and with 2 batteries between 120 to 180 minutes depending on the floor type. It has all the benefits of the ORBOT SprayBorg but with the added convenience, flexibility, and portability of a battery.

The charger used is the I Charge 9, the charging time is between 120 to 150 minutes.

FAST CHARGE

No need to wait long hours to charge the ORBOT LiFE, increase productivity with 120 minutes of charge time.

BATTERY MANAGEMENT SYSTEM (BMS)

For added safety and durability we've added a battery management system to protect the battery from being discharged and/or overcharged.
